SYNTHETIC GAUZE BELTS

endless in service and innovation

Synthetic gauze belts are mainly applied on installations that require the drainage of liquids and moisture. Gauze belts supplied by LBS are fabricated with a polyester finish (lateral and longitudinal) and are thermal fixated. Giving unique stability and tracking properties. We can supply our gauze belts with various mesh sizes together with your desired belt width and endless length. A wide range of cleats, tracking guides, sidewalls, spilling edges, etc. complete you custom made synthetic gauze belt. Our gauze belts are resistant to various chemicals and are EU/FDA approved.

Custom made fabrication

- » Different mesh sizes
- » Polyester finish (lateral and longitudinal)
Also in Polyurethane available
- » Cleats for inclined transportation
- » Spilling edges and sidewalls to prevent spillage
- » Tracking guides to assist with tracking
- » Endless or (mechanical) fastener
- » PC-4 fastener
- » Etc.

Other fabrication options upon request

Contact our technical sales department for your custom made belting and desired specification
